

YES I'M REALLY STRUGGLING

My family is definitely in need. This is not a scam. We will use any donations to purchase an RV or Home and to give my daughter a better life. I do understand that some folks proceed with more caution than others. With that in mind I've put together some general documents as "Proof" of my story/circumstances. You will see that not only am I actually struggling but that the very services supposed to help me have failed repeatedly.

This is proof that I am who I say I am.

IDENTIFICATION

It took a lot of work to get this I.D. without having a proper mailing address but help from a friend made it possible.

This is proof I qualify for State Benefits.

FOODSTAMPS

Proof that they shut my Foodstamps off. They do this every couple months even though you are only supposed to have to re-new once a year. It feels targeted.

The screenshot shows the MyBenefits Calwin interface. At the top left is the logo. At the top right, the user is identified as Hi Natasha! from Sacramento, with a link to Settings. Below this is a navigation bar with tabs for Overview, Benefits (selected), Documents, and Notifications. A dropdown menu for 'Select Program' is open, showing 'CalFresh' selected. Below the navigation is another set of tabs: Details (selected), History, Contacts, and Have a County Representative Call Me. The main content area under 'Details' contains the following text: 'Here you can see details related to your CalFresh benefits and if your report and/or more information. The details of the discontinuance is not available online. If you have payments issued by your county offices Only Regular, Supplemental and Direct Landlord payments will display below. You can see this information in the History tab.' Below this text, it states 'This program is **Discontinued** [Discontinued](#)' and 'Number of People Receiving Benefits: 2'. At the bottom, there is a table with two columns: 'Payment Type' and 'Amount'. The table contains one row with the text 'No payments found'.

FOODSTAMPS CONT.

Even though they've shut off my Foodstamps they send me two e-mails a month telling me they've added money. I've asked them to stop repeatedly.

BANK ACCOUNT

A letter from Bank of America saying that i was denied an account because "Early Warning Services" told them to. If I apply again too soon then it stays as an alert on the system. So, I have to wait and try again later. Next time will be my 5th attempt.

ONLINE BANKING

An email from Venmo saying they've restricted access on my account due to a "backend" error and my only recourse is to delete my account and start over. I can still receive funds but they won't let me do "banking" unless I create a new account and get approved.

We truly apologize for this ongoing, backend issue that is preventing your application to process successfully. The only way to move forward in this process is to have you cancel your account and sign up for a new one. We understand this is not an ideal solution but it will give you the opportunity to restart this process. Please note that you are not obligated to do this and are welcome to continue using Venmo.

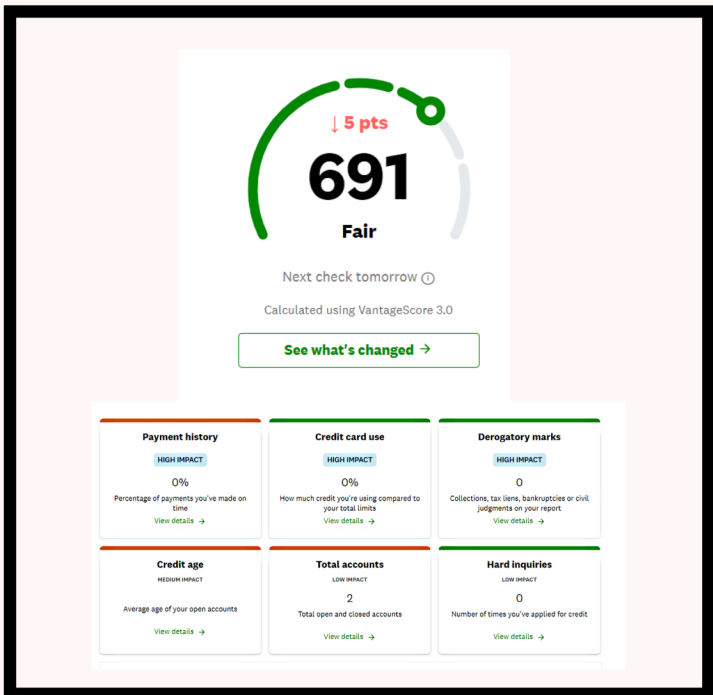

If this interests you, here's what you'll need to do:

- Transfer the funds from your Venmo balance
- Cancel your Venmo account
- Sign up for a new account
- Reply to this email with the last 4 digits of the account or card number you'll want to add to your new account

CREDIT SCORE

Proof that I'm not out here creating debt, I simply have no way to build Credit history.

DISABILITY

A medical assessment denial - they only accept Credit Cards or direct bank transfer.

The image is a screenshot of a text message on a dark background. At the top left is a circular profile picture of a woman with blue hair. To its right, the sender is identified as 'Embrace Autism' with a timestamp of '3/24/2022'. Below the name, it says 'to me' with a dropdown arrow. On the right side of the header, there is a back arrow and a three-dot menu icon. The main body of the message contains several paragraphs of text. A yellow highlight is placed over the sentence 'We do not accept debit cards for payments.' The text is white and black, with some bolding used for the sender's name and the sign-off.

Hi Natasha,

Thank you for your email. I am sorry to learn you are having problems processing your payment.

To help you troubleshoot, please ensure the following:

1. You are using a valid credit card to make payments (Visa, MasterCard, Amex, Discover) or
2. You are using ApplePay to make payments.

We do not accept debit cards for payments.

Also, if you have accessed our link via a Discord server, your payment will automatically be blocked. We have a firewall set for this to prevent any issues of fraudulent transactions.

I can certainly send your concern to our web developer who manages our payment server. Before I do that, can you tell me what type of card you are using? I will also note you received the API message as well. Once we can figure that out, our web developer can look into it and get back to you with some assistance.

Thanks!

Sincerely,

Michelle Smith (she/her)
