

PAYING IT FORWARD

HOUSING

When we are Unhoused we unintentionally spread our germs and anger everywhere, bit by bit. But! When we are housed we are the type of folks who give back. Here are just some ways supporting our housing will have ripple effects:

- If my fundraiser works I hope to host a second one and get someone else housed!
- I'm a "Neighborhood Auntie" with a history of providing SAFE childcare for those in need.
- I have a long history of event coordination from Pow-Wows to Gentle Parenting Groups to Social Justice Events.
- I'm a trained street medic and herbal street medic. I often help with public de-escalation.
- I'm an Educator, always finding ways to learn and teach what I know, usually for free.
- I show up. I go to local Art events, fundraisers, and etc to help celebrate others in their gifts.
- I often feed and gift people in need.
- I'm an avid volunteer, it's how I make friends.

Thank You!
