

Today, in the United States, there are more than **582,000** Homeless people.

Yet, there are at least **16 Million** vacant homes in the United States.

There are also **2.64 Million** people with 2nd Homes.

And.. there are **12-16 Million** people with RVs.

The average pay gap between a CEO and their worker is **670 to 1**.

Meanwhile, between **90 - 100%** of minimum wage workers can't afford rent in the U.S.

In fact, **60%** of the U.S. Population lives paycheck to paycheck.

Today, in the United States, there are more than **582,000** Homeless people.

We know that Homelessness reduces one's Lifespan by over **17 years**.

We know Homeless folks experience Hate Crimes at a rate **10x** that of Housed folks.

And.. **74%** of Abuse survivors stay with their Abuser because of finances.

In the U.S. today, **20 Million** people can't afford to pay their Utility Bills.

Yet, **30%** of grocery store food is thrown away. That's **16 Billion tons** of food..

In some areas Homelessness has risen as much as **70%**.

(You can put the facts into Google for further information)

The infographic features a central green stem with two green leaves. At the top is a large orange tulip-shaped flower containing the text '.5 MILLION'. Below this stem are two smaller orange tulip-shaped flowers, one on the left and one on the right. The left flower contains the text '16 MILLION' and the right flower contains '17 MILLION'. At the base of the infographic are three green rectangular boxes with rounded corners. The left box is connected to the left flower, the middle box is connected to the central stem, and the right box is connected to the right flower. Each box contains white text describing the category.

.5 MILLION

16 MILLION

17 MILLION

Vacant
Homes
in the U.S.

Homeless
People in
the United
States

People with
2nd Homes
or R.V.s

CONSIDER

How many new and
used RVs sit vacant
while homeless
families suffer on the
streets

It's hard to acknowledge that
as a society we place more
value on the possibility of
profit over actual human lives

Reminder:

While .5 mil people suffer without homes,
17 mil homes sit unused
